Betty
Betinha
Baba
design Christoph Jenni

Betty, Betinha, Baba
Christop Jenni

A trio of unique characters that stand alone or enhance their nature combined together. This family's multiple possibilities and fine combinations of finishes, materials and colors fits in different projects with different outfits, from residential to commercial settings.

A sequence of curves and gentle lines covered in leather, eco-leather or fabric and hold by wood, steel and concrete.

design Studio Hannes Wettstein

Stratos, Studio Hannes
Wettstein

Inspired by Italian automotive design, stratos is based on perfect geometries that create its characteristic multi-faceted shape. This aesthetic peculiarity together with the variety of colors and upholsteries, reflects also on its functionality and versatility. Stratos is suitable for the most varied situations, modern and at the same time classic, both private and public.

Offset Table Offset Shelf

So Happy,
Marco Maran

The main feature of the offset table is having the surface divided lengthwise in two, allowing for a more effective management of the workspace. The gap separating the two sections may be used to manage cables, as well as a support for lamps, separators, and various other accessories, turning a shared table into a fully-fledged workspace. The offset shelving system is not only visually and conceptually connected with the Offset table, but also has a multiple functionality of its own. This modular shelving system with various combination possibilities may be used either as an office unit or as a home sideboard.

Maxdesign is a brand committed to investigate the spatial configuration, from public spaces and offices to private houses. This man-made environment is a fast-moving system seeking for new ethics and connections. The core of our approach is to listen both to user's practices and designer's goals. As spaces are constantly changing each tool has to be able to adapt and find new expressions. Through innovation and research we aim to develop products to endorse customers and professionals in the realization of effective solutions and lively ecosystem. Our purpose is to understand what is needed and offer inspiring, versatile solutions in return. Maxdesign creates products for people and the environments.
